Apple laptops aren't cheap, so it's important that you consider your MacBook options carefully before parting with your cash.. These are the most expensive Apple laptops around, and the latest model has a unique Touch Bar.. In 2019, Apple updated the 13-inch MacBook Pro, giving every model a Touch Bar and an eighth-generation Intel processor.. If you're interested in the top-of-the-range model, see our review of the Apple MacBook Pro 2018 with Touch Bar.. If you're editing home videos in Final Cut, for example, the Touch Bar will turn into a mini timeline that lets you quickly navigate through your clips.
