神奈川県は覇道を握った！

神奈川を通り過ぎて東京に新幹線が向かっていたのはもう過去の話、今は神奈川が始発で、神奈川が終点である。

中華街といえば神戸ではなく神奈川、大仏といえば奈良ではなく鎌倉、米軍基地といえば沖縄ではなく横須賀、満員電車といえば東京ではなく神奈川、警察の不祥事といえば大阪ではなく神奈川。

何でもあるこの県こそ首都だともう誰も疑う事はない。

I like this game, However when i play it's very laggy becasue it says my computer is bad so it needs to be 128 bits +. Very nice blockout-like game.

The presentation is good.

Controls are not always doing exactly what I hope for, but I'm not sure how it can be tweaked to be better. I'm adapting my way to interact according to it, and it's well good enough to be enjoyable.

I like stacking cubes, and feel the urge to launch it again while writing this... that's the main bad news.. i'm not sure i've ever played a steam punk game before; i know the style, i've seen a lot in internet; but the game opens a whole steampunk world of air ballons: the characters, the interfaces, overall design - great style, you can get the game for steampunk only! next you have a garage where you upgrade and control your air baloon prior; world of 4 kingdoms, market where you can speculate different goods and earn on logistics and battles! you air baloon is armed with cannons that shoot cannonballs! just take care of ballistics and you will defeat your enemies :). A puzzle\parkour game, visual appearance is simple but still beautiful.

Game Performance: Great

Story: not that relevant

Visual: Great

Sound: it's ok

Bugs: Sometimes you fall because you stucked within an object.

The price is absolutely fair.

Recommended for everyone who needs a relaxed game.. Nice little game but very short.. Its cheap, so you can gift it to your friends to insult their \u2665\u2665\u2665\u2665\u2665 skills! Tell them about how this will make them a better pc gamer, and they REALLY need this game.

But also, this game is so simple and stupid, it makes it hurt even worse when they insult your mouse and tell you that you amount to nothing. Its just really bad when an easy game says that you suck.

I give it 6/7.5 lennys ( \u0361\u00b0 \u035c\u0296 \u0361\u00b0)

Would click again. Hmm.. "toes?" Spelling differences aside.. COMPLETELY agree with the reviewer comparing this game to Rusty Lakes. That's exactly what I thought of when I saw the trailer. If the trailer disturbs you you're not going to like this. Straight forward point-and-click horror puzzle game. On the plus side, it might make your own family look like perfect angels; lots of messed up stories in this one (and for some reason, some ugly man-children too).

Creepy. Simple. On sale.

I have played plenty of messed up games over the years, and Escape from Ravenhearst is certainly one of them. The content warning was inadequate. I didn't blink through any of the gross out or gory parts, but I don't think one has to be "faint of heart" not to want to listen to ambient child abuse sound effects while playing a casual hidden object game. I'm not talking about a scene within the \*context\* of the story - I am talking about using it as background noise. If someone on the development team said "Is this possibly in poor taste?", please listen to them next time. If no one on the development team said that, please reconsider your hiring practices.

With those sound effects muted, there are other points that can be used when determining whether or not to recommend this game ...

The use of morphing "hidden" objects almost exclusively (I remember one list-style hidden object puzzle) was a negative for me. Imagine playing a classic hidden object game but the objects you are looking for blink occasionally. To me, it feels like cheating. The only challenging ones were the letters (because of their size). Many hidden object games will scatter morphing objects for achievement hunting, but this is the first I played that made it the primary mechanic.

I found it strange that there wasn't even a single sentence to explain the puzzles. A couple were completely unintuitive and visually cluttered, making it difficult to know what was part of the interface versus the scenery.

Dennis Kleinsmith did a great job as Charles. He reminded me of some of the classic, eloquent Dr. Who villains that children can be scared of while still having fun. It's really too bad this story couldn't back off its more unseemly elements and be accessible to younger players. The writing is split between adult and juvenile content in such a jarring way. The grubby old degenerate chicken-dancing in the final level is a testament to that.

Good Lord - I didn't think I would ever write that sentence in a review. This game is just too much of a mess to recommend.. Just fantastic! The worst thing I can say about this game is that it is not long enough! I loved everything about it, and if it was bigger and had more missions, I could easily play for oblivion like 100 plus hours. Great job creators! I even got a kick about reading the credits book [?] hopefully you will work on a sequel (triple the size of this one) thanks for 5 plus hours of incredible VR gaming. I enjoyed my first play-through of the game quite a bit. It does feel a lot like Papers Please only without the time crunch factor (which, to be honest, I enjoyed because I'm terrible at making quick decisions). I look forward to playing again with a less moderated newspaper to see how the world changes. It made me laugh that writing about celebrities actually influenced their marriages. I can understand the mixed reviews but it IS enjoyable and I didn't mind paying full price because I intend to play through a few more times.

If you're not a fan of reading or trying to figure out if you're inadvertently going to start a riot by talking about an apartment fire - this game is not for you.. Really great game, the amount of creative freedom you get is insane, but the lack of players is a shame.. Epic in a lot of way and deep in its construction. Some flaws here and there, the conception is a little rigid. Character customization, stats and branching choices sometimes don't matter much or in the contrary too much. At the end, I had the feeling that there is only a few right way to play it through despite some choices really matters and despite the narration really changing (it's actually impressive, for whom have some experience in this kind of game) depending on your character and his/her choices. Still, it kept me passionately reading and restarting a few times, experiencing multiple relationship. Good cast of characters. Each chapter has its own characteristics, calm and tense scenes. Very balanced, I appreciated the work done and the thinking made in the development.
